

# 2023 Crop Rotation Guidelines MPC1

[www.kwsunburst.com](http://www.kwsunburst.com)

"KW Insurance is an Equal Opportunity Provider"

	Current Year's Planned Crop					
	Smooth Peas*	Lentils	Canola	Chickpeas	Mustard	Safflower
Previous Crop Year(s)	Break Required from Previous Crop					
Smooth Peas*	2 Years	1 Year	None	None	None	None
Lentils	1 Year	2 Years	None	None	None	1 Year
Canola	None	None	1 Year	None	1 Year	1 Year
Chickpeas	1 Year	1 Year	1 Year	3 Year	1 Year	None
Mustard	None	None	1 Year	None	1 Year	1 Year
Sunflower/Rapeseed	None	None	1 Year	None	1 Year	1 Year
Safflower	None	None	None	None	None	None

\*Smooth Peas include Smooth Green and Yellow Peas, Austrian Peas and Forage Peas Grown for Seed

\*\*\*One year break would be one full crop year seeded to another crop. For example if you plan on seeding Smooth Peas in 2018 you could not have seeded Smooth Peas in 2017 or 2016 or have seeded Lentils or Chickpeas in 2017

**\*\*\*If you have other broadleaf crops in your rotation not listed on this chart please check with us on rotation issues!!!!**
